AMERICAN AND FOREIGN OFFICE.

R. H. EDDY, Solicitor of PATENTS,
(Late Agent of U. S. Patent Office, Washington, under the Act of 1857.)
No. 76 State, opposite Kilby St.,
BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries.—Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patens or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through its inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpased by if not immeasurably superior to any which can be offered them elsewhere. The testimonials below give proof that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superor facilities for obtaining patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

During the time I occupied the office of Commissioner of Patents, R. H. Eddy, Esq., of Boston did business at the Patent Office, as Solicitor of procuring Patents. There were few, if any persons acting in that capacity, who had so much business before the Patent Office; and there were none who conducted it with more skill, fidelity and success. I regard Mr. Eddy as one of the best informed and most skillful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the the Patent Office.

EDMUND BURKE,
Late Commissioner of Patents."
From the present Commissioner.

August 17th, 1855.—During the time I have held the offie of Commisioner of Patents, R. H. EDDy, Esq., of Boston, has been extensively engaged in the transaction of business with the office, as a solicitor. He is thoroughly acquainted with the law, and the rules of practice of the Office. I regard him as one of the most capable and successful practioners with whom I have had official intercourse. CHAS. MASON,

DIVORCE ANECDOTES.

An "Eastern Lawyer" writes as follows:—An Italian called at my office a short time since and inquired if he could get divorced from his wife. Now a divorce is not to be considered hastily, and I gratefy said that I regretted that our laws *favored* divorces, and added, that if he would inform me particulary in regard to the nature and extent of his grievances, I would advise him.

"In what particular has your wife disregarded her marriage vows?"

"Well, 'squire, to tell the truth, my wife wife don't know no'ting 'bout cook'n!"

I waited to know what was coming next: and hearing nothing, I ventured to ask if that was all.

"Yes,' squire; baiting that she is the nicest little 'oman you ever see in your life.'

I suggested to my distressed client that a divorce would cost forty dollars, and that she could teach his wife to cook for half that money.

"Bless you," rejoined the Italian. "*I don't know no'tin' about cook'n myself.*"

"Then hire a cook to teach your wife."

Italian becomes silent and thoughtful.—In a few minutes I asked:

"How do you like my advice?"

Hearing no response, I looked around and discovered that he had "quietly stolen away."

There is a good moral to this, but I dare not suggest it, for fear of wounding the feelings of some of your "lady subscribers."

I related the foregoing to one of the Justices of the Supreme Court of an adjoining State, and he told me that he was once consulted upon a Sabbath morning by a rich merchant, concerning a divorce. The Judge, who was then a practitioner, objected to doing any business whatever upon a Sabbath; but so urgent were the appeals of his friend, and so profuse his tears, that the Judge consented to hear his history of his trials, and the particulars of his afflictions.

Client—"You know very well, Mr. S.—— that I was upwards of forty years of age when I married Miss B——; from which I have not seen one day of real happiness!—Perhaps I am some what to blame myself. Possibly the discrepancy of our ages has something to do with it; but Mr. B——, if you can only produce for me a divorce, I am willing that you shall have the half of my estate, and my wife have the remainder."

Judge—"Well, what is the particular mode by which you expect to procure a divorce?"

Client—"Well, Mr. B.——, if you come to that, I suppose it must be told. You known my habits of life before marriage?—Well, whenever *now* I go home and carry my papers into the library, and by the time I am fairly seated in my chair, in comes—my wife—and—sits right down in my lap! —Augh!" And then as if to tip her out of his lap, he stood up nearly erect with hands extended, as if fearing she would get back into his lap again before he heard the opinion of the learned counsellor on this point of law.—*Knickerbocker.*

Literary.

There is no publishing house in Boston that sends forth to the reading world better printed or more valuable books than that of Gould & Lincoln, 59 Washington street. In running our eyes over their Catilogue we find that they are the publishers of some of the most valuable scientific books of the age. In theology and religious literature also they give us the best.

We have recently received from this house the following books:

"Heaven, by James William Kimball," 1 vol.

Modern Atheism, under its forms of Pantheism, Materialism, Secularism, Development and Natural Laws by James Buchanan D. D. L. L. D. Divinity Professor in the new College, Edingburgh, and Author of the Office and Work of the Holy Spirit, 1 vol.

Annual of Scientific Discovery, or the Year book of facts in science and art, for the year 1857, &c. by David A Wells A. M. editor of Year book of Agriculture &c., 1 vol.

Yahveh Christ, or the Memorial Name, by Alexander Mac Whorter, Yale College, with Introductory letter by Nathaniel W Taylor, D. D. Dwight professor of Didactic Theology, Yale Theo. Seminary, 1 vol.

An Analytical Concordence of the Holy Scriptures; or the Bible presented under distinct and Classified Heads and Topics. Edited by John Eadil DD. LLD. Professor of Biblical Literature to the United Presbyterian Church &c., 1 vol.

The above named books are for sale in Newport by A. J. Ward.

We have to say in general of these volumes that they are elegantly painted, and as they stand here before us present a most comely and attractive appearance as to dress.

"*Heaven*" is a modern meditative, speculation respecting both the outer and inner court of that mystic temple, the spiritual home.

The book though not very profound, is still very suggestive and may be set down as a real contribution to religious literature.

So infinitely is it superior to most of the trash that in these days is trying to tear the Heavens down to earth, that we cordially recommend it for popular reding.

"*Modern Atheism*" is a thorough work. It is a criticism upon Modern Philosophy, Science and Religious literature well worth the careful reading of every one who wants to be fully advised on the great debate of Truth and Error. It is not a work of an hour, but of much study and thought.

"*The Annual of Scientific Discovery*" is a work deserving as it really has a wide circulation. It is a full and accurate history o the progress of the Arts and Sciences during the last year. It is the Almanac of Discovery and Knowledge. The very able and efficient editor and the liberal publishers of this Annual deserve the hearty thanks and patronage of every lover of science in the country. No Lawyer, Clergymen, Physician, and especially no Teacher should be without this volume. We have been acquainted with its history from the first No. and only say an honest and true word for science by thus recommending it.

"*Yahveh Christ*" is an elaborate speculation on the name "Jehovah" ... the Old Testament. Its object is to prove that "Jehovah" should be "Yahveh" and should be rendered not "I am" but "He who will be," Meaning thereby the author supposes, the Messiah, the Christ of the New Testament.

As an Exegetical Critique the views here set forth are at least questionable, but as suggesting the unity of God's moral government of Man, and the consistency and harmony of all His Revelations it is worth a thoughtful perusal.

"*The Analytical Concordance of the Scriptures*," is a book for every Clergyman's and every Sunday School Teacher's Library.

The author says in his preface—"This volume at once explains its own nature. It is an attempt so to classify Scripture under separate heads as to exhaust its contents." In the execution of this design the Author seems to have succeeded remarkably well. He has evidently arranged under the heads suggested by the contents of the Scripture what he actually found in the Bible. This is the best Concordance of the kind we have ever met with.

NEW YORK, Feb. 25.

FOR CALIFORNIA.—The steamer Tennessee sailed to day for Nicaragua via Aspinwall, with 300 passengers for California.—It is understood that no fillibusters went in her.

Shortly before the sailing of the Tennessee strict orders were sent to officers from the owners to admit no one unless he had a ticket signed by them, and directly from their office. In consequence of this many fillibusters who had passage tickets were refused admittance on board the steamer. This unexpected decision on part of the owners caused much excitement on the wharf. Among the passengers thus left was Councilman Horatio N. Wild. It is supposed the owners were incited to this course by hints from Government officials.

THE TARIFF BILL.—Urgent solicitations have been sent forward from the leading financial men in Wall Street to Senators at Washington for the passage of some amendment to the Tariff, so called as to prevent a financial crisis.

BALTIMORE, Feb. 25.

FATAL EXPLOSION.—In the Egypt Coal Mine at Deep River, N. C., five men were killed by an explosion of fire damp.

WASHINGTON, Feb. 25.

THE MEXICAN TREATY.—[Correspondence of the Tribune.]—Intelligence has been received from the bearer of dispatches to the State Department and the Mexican Legation, that they will be here to-night with the new Mexican treaty. The Government had previously received advices from Minister Forsyth, dated the 2d of February, stating that he was negotiating a treaty, but as no instructions were given him to acquire territory, its final conditions are not distinctly known. Accounts sent to the Mexican Legation by the last steamer conflict in their statements as to the material points of arrangement.

HALIFAX. Feb. 25, 11.15, p. m.

THE STEAMER.—Clear and calm, no signs of the steamship Niagara.

TRENTON, N. J., Feb. 55

NEW JERSEY.—The Senate refused to confirm the nomination of William L. Dayton for Attorney General by a vote of ten to twelve, and that of C. D. Deshler for Clerk of the Supreme Court by a vote of seven to thirteen.

LATER FROM HAVANA.—*New York*, Feb. 26.—The Black Warrior, from Havana the 21st inst., arrived here last night. The funeral of Dr. Kane at Havana was attended by a long procession of all the Americans in the city, as well as by the Vice Captain-General of the Island and many other Spanish officials.

The conduct of General Concha on the occasion is spoken of in the highest terms by all the resident Americans.

There is no news of interest stirring at Havana. The report of the decline in the New York sugar market, brought by the Cahawba, caused much excitement among the sugar speculators. The stock at Havana is reported at 70,000 boxes. Exchange has improved, and freights for American ports are brisk.

FUNERAEL HONORS TO DR. KANE.—*New Orleans Feb.* 24.—Dr. Kane's remains were escorted to the steamer for Louisville by the military, free masons, councils, city authorities, an immense concourse of citizens. The consular, shipping and public building flags were displayed at half mast, and minuteguns were fired from sunrise until the embarkation of the body.

Cincinnati Feb. 26.

A general meeting of the citizens was held to-night at the Merchants Exchange, when a committee was appointed to co-operate with the committee of the city council in taking measures for the payment of respect to the remains of Dr. Kane. Appropriate resolutions were adopted

Dr. Kane's remains passed through Cairo this morning.

Philadelphia, Feb. 25.

The city councils have passed a resolution of respect to Dr. Kane, and have appointed a joint committee to make arrangements for his funeral. It is contemplated that the body shall be laid in the state at Indepence Hall.

Harrisburg, Feb. 26.

The Senate passed resolutions of respect to the memory of the late Dr. Kane, this P. M.

DESTRUCTIVE FRESHET.—*Cincinnati, Feb.* 25.—The Wabash river is higher than it has been since the great flood of 1844.—Great damage is done on the Illinois side, bridges, roads, fences, &c., being washed away.

ARRIVAL OF THE ERICSSON.—*New York Feb.* 25.—Steamer Ericsson, from Liverpool 4 h inst., arrived this morning. She encountered severe weather at the beginning of her voyage, and when in lat. 44 56, lon. 40 had all her engines disabled.

The Broadway Tabernacle property has been sold at private sale for $122,000, cash. The Society intend to build a new church edifice up town. The sale was approved of by the Society on Monday evening. What disposition will be made of the Tabernacle property has not yet been determined. The purchaser is J. J. Phelps.—*Jour. Com.*

A foundling, about six weeks old, was left in the ladies' room at the Manchester Depot on Saturday evening last, poorly clothed and wraped in a course shawl. Two well dressed young women who were carried by private conveyance the same night, from this city to Lowell, are suspected of being the guilty parties.

The Paris correspondent of the New York Commercial writes:

"The great French painter, Horace Vernet, has left for the United States to execute the contract offered by the American Congress for the new capitol at Washington.—It is reported here that he is to receive $200,000 for this contract."

THE HOUSE TARIFF BILL.—We copy from the Boston Atlas an account of some of the changes proposed in the bill which we published at length on Monday:

A lad of twelve years, adopted child of James Bennett, Arcadia, New York, committed suicide, by taking arsenic, one day last week. He had been severely reprimanded by his adopted father for playing upon the ice; and while smarting under the infliction, he bid his schoolmates good bye and swallowed the fatal poison.

DAVIS' PAIN KILLER.

Brooklyn, Conn., June 15, 1854.

FRIEND DAVIS:—Although a stranger to you, I take the liberty of addressing a few lines to you, for the purpose of saying a few words in favor of your invaluable medicine. I have used your Pain Killer for a number of years, and for bowel complaint and burns, and in fact for pains of all kinds, I think it pre-eminent.—Before I became acquainted with your medicine, I had a violent attack of dysentery, which reduced me very low, in fact my friends thought I could not survive, but by the treatment of a Botanic Physician, the best remedy I then knew, I recovered. Since then, I have had several attacks, one very violent, about four years ago. I was attacked at 3 three o'clock in the morning, and at sunrise, I was not able to get off my bed, I sent and got a twenty-five cent bottle of your Pain Killer, which I commenced taking, according to directions, and at six o'clock in the evening my bowels were regular, and I was up and moving about, although somewhat weak. I would recommend to all similarily afflicted, to avail themselves of your invaluable medicine.

I am sir, yours respectfully,
ELMER WILLIAMS.

The genuine Perry Davis' Pain Killer is now put up in pannel bottles, with the words Davis' Vegetable Pain Killer blown in the glass; and with two steel engraved labels on each bottle—one an excellent likeness of Perry Davis, the original inventor of the medicine, the other a steel engraved note of hand—none others can be relied upon as genuine. Prices of bottles 12 1-2 cents, 25 cents, 50 cents, and $1 respectively.

ANOTHER TRIUMPH OF THE
Defiance Salamander Safes!!!

NEW YORK, Nov. 4th, 1856.

MR. ROBT. M. PATRICK, 192 Pearl-st.

DEAR SIR.—The Defiance Safe, No. 5,778, purchased from you about eighteen months since, was in my house at Newport, R. I., which, with the furniture, was entirely destroyed by fire on the night of 5th the June last. The Safe, after being exposed to an intense heat for many hours, was recovered on the 19th of June. Not having the necessary tools at hand to open it, the same has stood just as when recovered, until shipped to your address, Nov. 1st. When opened at your store this morning, I was agreeably surprised, as were also others present, to find the contents, consisting of valuable silver plate, &c., in as perfect order as when placed therein. It is with pleasure I add my testimony to the merits of the Safes of your manufacture. Yours, Respectfully,

DANIEL PARISH.

A CARD TO THE LADIES.

DR. DUPONCO'S Golden Periodical Pills for Females. Perfectly harmless, yet wonderfully and powerfully efficacious in correcting, regulating, and removing all obstructions from whatever cause

All medical men know, as well as many others, that no female can enjoy good health, unless she is regular; and whenever an obstruction takes place, whether from exposure, cold, or any other cause, the general health begins immediately to decline, and the want of such a remedy has been the cause of so many consumptions among young females. Headache, Pain in the Side, Palpitation of the Heart, Loathing of Food, and Disturbed Sleep, do most always arise from the interruption of nature; and whenever that is the case, the Pills will invariably remedy all these evils; and may always be used successfully as a preventive. Price $1,00 per box. For sale by HAZARD & CASWELL 12 Washington Square, and 137 Thames St. They will supply the trade at manufacturer's prices. Ladies, by enclosing $1,00 to STURGIS & CO., Box 24 Newport Post Office, can have the Pills sent (confidentially) by mail to any part of the city or country. jy23—1y

LOTTERIES.—The well known Maryland Consolidated Lotteries, of which R. FRANCE & Co. are the managers, are chartered by the state of Maryland, and a commissioner elected by the people, who is sworn to superintend and certify that everything connected with them is done in a strictly honorable manner, and that the interests of parties who reside at a distance are as well protected as if they themselves were present at the drawing. Another fact which the managers call attention to, is, that all persons have a legal right to send orders for tickets to Maryland, as lotteries are legalized by special law in that state. A lottery is drawn every day in the month. If no particular class is named, orders are filled in the first drawing to take place after the communication comes to hand. The prices of tickets vary from $1,00 to $20.—No tickets however, sent unless the money for the same is received with the order. The drawings are upon the principle of one number on each ticket (after the Havana plan), and Ternary combination. Prizes vary in amount from $20 to 1000,000. All orders for tickets or packages will receive prompt attention, and the drawing mailed to all purchasers immediately after it is over. Address

HOLLOWAY'S PILLS.

THE blood furnishes the material of every bone, muscle, gland and fibre in the human frame. When pure, it secures health to every organ; when corrupt, it necessarily produces disease. Holloway's Pills operate directly upon the elements of the stream of life, neutralizing the principle of disease, and thus radically curing the malady, whether located in the nerves, the stomach, the liver, the bowels, the muscles, the skin, the brain, or any other part of the system.

USED THROUGHOUT THE WORLD!

Holloway's Pills are efficacious in complaints common to the human race, and in disorders peculiar to climates and localities.

ALARMING DISORDERS.

Dyspepsia, and derangement of the liver, the source of infirmity and suffering, and the cause of innumerable deaths, yield to these curatives, in all cases, however aggravated, acting as a mild purgative, alterative and tonic; they relieve the bowels, purify the fluids, and invigorate the system and the constitution at the same time.

GENERAL WEAKNESS — NERVOUS COMPLAINTS.

When all stimulants fail, the renovating and bracing properties of these Pills give firmness to the shaking nerves and enfeebled muscles of the victim of general debility.

DELICATE FEMALES.

All irregularities and ailments incident to the delicate and sensitive organs of the sex are removed or prevented by a few doses of these mild, but infallible alteratives. No mother who regards her own or her children's health should fail to have them within her reach.

SCIENTIFIC ENDORSEMENTS.

The London "Lancet," the London "Medical Review," and the most eminent of the faculty in Great Britain, France and Germany, have eulogized the Pills and their inventor.

Holloway's Pills are the best remedy known in the world for the following diseases:

Asthma,	Diarrhœa	Indigestion	Stone and Gravel
Bowel Complaints	Dropsy	Influenza	Secondary Symptoms
Coughs	Debility	Inflammation	Venereal Affections
Chest Diseases	Fever and Ague	Liver Complaints	Worms of all kinds
Costiveness	[illegible]	[illegible]	Lowness of Spirits
Dyspepsia	Headaches	Piles	

⁂ Sold at the Manufactories of Professor Holloway, 80 Maiden Lane, New York, and 244 Strand, London, by all respectable Druggists and dealers in medicine through the United States and the civilized world, in boxes at 25 cents, 62 1-2 cents, and $1 each.

☞ There is a considerable saving by taking the larger sizes.

Court of Probate, Newport, [illegible]

JOHN McCORMICK, Executor of the last will and testament of Daniel McGowan, late of Newport, deceased, presents his first account on his estate for allowance. The same is read, received and referred for consideration to a Court of Probate, to be holden at the City Clerk's office, Newport, on Monday the 9th of March next, at 10 o'clock a. m. Notice is ordered to be given thereof once a week for three successive weeks in the Newport Daily News.

f14 B. B. HOWLAND, Prob. Clk.

ONLY ONE BOTTLE OF

DR. SANFORD'S INVIGORATOR,

OR LIVER REMEDY

IS required to cure any one troubled with Liver Complaints, unless the most desperate of cases, when the second bottle will, with scarce a single failure, restore the patient to health and vigor. *We* wish to call the attention of all to these facts, that the Invigorator is compounded by a physician who has used it in his practice for the past twenty years with a success almost credulous, and that it is entirely vegetable, being composed wholly of gums.

Some idea of the strength of these gums may be formed when it is known one bottle of the Invigorator contains as much strength as one hundred doses of Calomel without any of its deleterious effects.

One bottle is the surest thing known to carry away the bad effects of mineral poison of any kind.

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for Jaundice removes all yellowness or unnatural color from the skin.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising or souring.

Only one dose taken before retiring prevents nightmare.

One dose taken at night loosens the bowels gently, and cures costiveness.

One dose taken after each meal will cure Dyspepsia.

One dose of two teaspoonsful will always relieve Sick Headache.

One bottle taken for female obstruction removes the cause of the disease, and makes a perfect cure.

Only one dose immediately relieves Cholic, while

One dose often repeated is a sure cure for Cholera Morbus, and a sure preventative of Cholera.

One dose taken often will prevent the recurrence of billious attacks, while it relieves all painful feeling.

☞ One or two doses taken occasionally, is one of the best remedies for a cold ever known.

Thousands of cases of inflammation and weakness of the lungs have been cured by the Invigorator.

One dose taken a short time before eating gives vigor to the appetite and makes food digest well.

One dose often repeated cures Chronic Diarrhoea in its worst forms, while summer and bowel complaints yield almost to the first dose.

One or two doses cures attacks caused by worms, while for worms in children, there is no surer, safer and speedier remedy in the world, as it never fails.

There is no exaggeration in these statements, they are plain and sober facts, that we can give evidence to prove, while all who use it are giving their unanimous testimony in its favor.

We wish all who are sick and debilitated to try this remedy, and test it thoroughly, and any who are not benefitted by its use we would like to hear from, as we have yet to hear from the first person who has used a bottle of Invigorator without receiving benefit. If there are such astonishing medical virtues in it, that all, no matter how long they have been affected, if their complaint arises from a deranged liver, will be benefitted, if not entirely cured.

Dr. Jacoby's [illegible]

FOR the Treatment of the Skin, and the Restoration of the Hair, No. 2 Tremont street, Boston. Dr. Jacoby invites the attention of persons subject to diseases of the skin manifested in the gradual loss of the hair, or persons who are already bald, to his establishment, where a remedy can in most cases be found under his Mineral treatment. He cautions, in this connection, with persons who strongly against the use of greasy substances, or those deleterious washes usually composed of castor oil and alcohol, which are at once fatal to the hair and skin. In many cases, the loss of the hair proceeds from these circumstances.—The system expels through the skin a certain quantity of a fluid matter; if this is suffered to remain, the pores become clogged up, and consequently the health of the hair is impaired. Now, to add to these oily [illegible] accumulations, greasy substances [illegible] is manifestly one of the vicious and gummy [illegible] tor oil, is of course to increase the evil.—Cleanliness is the first law of nature. The animal deposits must be removed, the skin kept free from all fatty matter, and the pores kept open. [illegible] done, and [illegible] cases out of ten there will be no trouble with the hair. In case where diseases of the skin have been contracted by some neglect of these rules, a mineral treatment is necessary to restore the skin to a healthful and natural condition. Dr. Jacoby will be happy to give to any person calling on him a more extended explanation of the whole theory of such diseases and their treatment, founded upon simple [illegible] principles of natural science. The appended certificate is only one of a large number from other sources, testifying to the efficacy of his Mineral Washes as a remedy for baldness.

This is to certify that I have had an article called the Bettin Hair Wash, applied during the last five or six weeks, to my head, for the purpose of renewing and strengthening the hair. It has been very effective in producing such a result, and I can cheerfully recommend the same to those afflicted with baldness or diseases connected therewith.

JONAS CHICKERING.

Dr. JACOBY would also call the attention of the public to his celebrated MINERAL HAIR DYE, which will be found, on trial, to possess advantages over any Dye ever discovered, or now in use. The majority of the usual Hair Dyes are composed of nitrate of silver, which is a powerful caustic, not only sure to injure the skin and burn the hair, but producing green, pink and metallic tints in its coloring. Dr. Jacoby's Hair Dye, although derived from minerals, has in its composition neither metal or acid. It will produce any tint from the lightest brown to the deepest black, and *perfectly imitate* the natural hues of the hair.—It will also soften the texture of the hair. It will *in no case* stain, burn, nor in any way injure the skin. Any person can test its capabilities by a single trial. The most entire and perfect satisfaction is guaranteed for it.

The appended certificate from Dr. Chas. T. Jackson will testify to its efficacy:—

Boston, Nov. 18, 1857.

I have seen Dr. M. Jacoby's Hair Dye used in coloring hair of deep brown and black of a beautiful natural color, and I can certify that it is perfectly efficient and harmless.

WALKER IN NICARAGUA.—In publishing the intelligence from Nicaragua, which we copied from that paper yesterday, showing the desperate condition of Walker, the Courier and Enquirer says:

"The above is from a reliable source from which we have before this received intelligence from Nicaragua in advance, and which intelligence has been confirmed by after advices. It shows more certainly than any other accounts received, the desperate situation of Walker, and seems to set the seal to his utter defeat. Walker deserves any fate which may await him. The cause in which he is engaged, is one of unmitigated deception, rapine and murder; in it the sacred name of liberty has been prostituted, and if failing in flight, he meet an ignominious death, the just verdict of the world will be, that his has been the robber's and the murderer's fitting end."

AYER'S

CHERRY

PECTORAL,

FOR THE RAPID CURE OF

Colds, Coughs, and Hoarseness.

BRIMFIELD, Mass., 20th Dec., 1855.

DR. J. C. AYER: I do not hesitate to say the best remedy I have ever found for Coughs, Hoarseness, Influenza, and the concomitant symptoms of a Cold, is your CHERRY PECTORAL. Its constant use in my practice and my family for the last ten years has shown it to possess superior virtues for the treatment of these complaints. EBEN KNIGHT, M.D.

A. B. MORTLEY, Esq., of UTICA, N. Y., writes: "I have used your PECTORAL myself and in my family ever since you invented it, and believe it the best medicine for its purpose ever put out. With a bad cold I should sooner pay twenty-five dollars for a bottle than do without it, or take any other remedy."

Croup, Whooping Cough, Influenza.

SPRINGFIELD, MISS., Feb. 7, 1856.

BROTHER AYER: I will cheerfully certify your PECTORAL is the best remedy we possess for the cure of *Whooping Cough, Croup*, and the chest diseases of children. We of your fraternity in the South appreciate your skill, and commend your medicine to our people.

HIRAM CONKLIN, M.D.

AMOS LEE, Esq., MONTEREY, IA., writes, 3d Jan., 1856; "I had a tedious Influenza, which confined me in doors six weeks; took many medicines without relief; finally tried your PECTORAL by the advice of our clergyman. The first dose relieved the soreness in my throat and lungs; less than one half the bottle made me completely well. Your medicines are the cheapest as well as the best we can buy, and we esteem you, Doctor, and your remedies, as the poor man's friend."

Asthma or Phthisic, and Bronchitis.

WEST MANCHESTER, PA., Feb. 4, 1856.

SIR: Your CHERRY PECTORAL is performing marvellous cures in this section. It has relieved several from alarming symptoms of consumption, and is now curing a man who has labored under an affection of the lungs for the last forty years. HENRY L. PARKS, Merchant.

A. A. RAMSEY, M.D., ALBION, MONROE CO., IOWA, writes, Sept. 6, 1855: "During my practice of many years I have found nothing equal to your CHERRY PECTORAL for giving ease and relief to consumptive patients, or curing such as are curable."

We might add volumes of evidence, but the most convincing proof of the virtues of this remedy is found in its effects upon trial.

Consumption.

Probably no one remedy has ever been known which cured so many and such dangerous cases as this. Some no human aid can reach; but even to those the CHERRY PECTORAL affords relief and comfort.

ASTOR HOUSE, NEW YORK CITY, March 5, 1856

DOCTOR AYER, LOWELL: I feel it a duty and a pleasure to inform you what your CHERRY PECTORAL has done for my wife. She had been five months laboring under the dangerous symptoms of Consumption, from which no aid we could procure gave her much relief. She was steadily failing, until Dr. Strong, of this city, where we have come for advice, recommended a trial of your medicine. We bless his kindness, as we do your skill, for she has recovered from that day. She is not yet as strong as she used to be, but is free from her cough, and calls herself well.

Yours with gratitude and regard,

ORLANDO SHELBY, OF SHELBYVILLE.

Consumptives, do not despair till you have tried AYER'S CHERRY PECTORAL. It is made by one of the best medical chemists in the world, and its cures all around us bespeak the high merits of its virtues.—*Philadelphia Ledger.*

Ayer's Cathartic Pills.

THE sciences of Chemistry and Medicine have been taxed their utmost to produce this best, most perfect purgative which is known to man. Innumerable proofs are shown that these PILLS have virtues which surpass in excellence the ordinary medicines, and that they win unprecedentedly upon the esteem of all men. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart healthy tone with strength to the whole system. Not only do they cure the every-day complaints of every body, but also formidable and dangerous diseases that have baffled the best of human skill. While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take; and being purely vegetable, are free from any risk of harm. Cures have been made which surpass belief were they not substantiated by men of such exalted position and character as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of my remedies, while others have sent me the assurance of their conviction that my Preparations contribute immensely to the relief of my afflicted, suffering fellow-men.

The Agent below named is pleased to furnish gratis my American Almanac, containing directions for their use and certificates of their cures, of the following complaints:—

Costiveness, Bilious Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from a foul Stomach, Nausea, Indigestion, Morbid Inaction of the Bowels and Pain arising therefrom, Flatulency, Loss of Appetite, all Ulcerous and Cutaneous Diseases which require an evacuant Medicine, Scrofula or King's Evil. They also, by purifying the blood and stimulating the system, cure many complaints which it would not be supposed they could reach, such as Deafness, Partial Blindness, Neuralgia and Nervous Irritability, Derangements of the Liver and Kidneys, Gout, and other kindred complaints arising from a low state of the body or obstruction of its functions.

Do not be put off by unprincipled dealers with some other pill they make more profit on. Ask for AYER'S PILLS, and take nothing else. No other they can give you compares with this in its intrinsic value or curative powers. The sick want the best aid there is for them, and they should have it.

Practical and Analytical Chemist, Lowell, Mass.

BROWNELL'S VENTILATOR.

PATENTED, SEPT. 16, 1856.

SIR:—

Herewith you are presented with a list of sizes with the price of each annexed, of BROWNELL'S PATENT VENTILATOR for all purposes where ventilation and a strong draft are required; and are particularly designed for RAIL ROAD CARS, PUBLIC BUILDINGS, SMOKEY CHIMNIES, and CABOOSE and CABIN PIPES.

The advantage proposed by this ventilator over all others is, it gives a uniform draft to a chimney, and at the same time excludes water thus doing away with two great evils—a back draft and drippings down the chimney. The arrangement of the ventilator is very simple; it can be easily adjusted to any use for which it may be required, and it is not liable to get out of order.

THE GREATEST WONDER OF THE AGE.

A REMEDY which CURES IN FIVE MINUTES.—M. LEROUX'S French Cholera Cognac Bitters. This truly wonderful scientific compound is recommended by the most eminent and learned physicians of all Europe and America, and enjoys the best reputation of anything similar ever offered. It is without doubt, the best most efficient and generally acknowledged remedy against cholera, dysentery, diarrhoea, and complaints of the stomach in general. The numerous patients who have tried it according to directions have invariably found relief in a very short time, and the best proof of it is, that since this standard remedy was introduced in the armies of the Allies in the Crimea, the mortality of the soldiers from cholera and similar diseases was diminished by over 75 per cent.; in consideration of which, the inventor was presented by the French and English governments with a gold medal, bearing the inscription, "Hail! M. Leroux, the great chemist and inventor, by whose knowledge our armies are preserved from cholera."

This invaluable preparation is also a remedy for billiousness, indigestion, weakness, and general derangement of the stomach. Upon being taken, it creates appetite, and prevents the heaviness attendant upon eating by persons who are dyspeptic.

In this city, also this remedy has been tried with the most undoubted success, and the undersigned can produce the best testimonials of our most celebrated physicians, as to its immediate and complete success, which he will be happy at any time to show to any that may wish to see them. S. STEINFELD,

Sole Agents for the United States, 70 Nassau street, corner of John, N. Y.

P. S.—Those not able to pay, may call at my place from 3 to 5 p. m., and receive this remedy gratis. s19—1y

SPRATT'S LIGHTNING RODS—With branched and other points made of pure copper and gilded with fine gold, all of which are warranted to preserve the extremity sharp and bright. Eight times as good a conductor as a spurious imitation made of cast iron, and sold last year by some dealers in lightning rods.

Also, fixtures for a new and valuable improvement in applying insulators by which the glass is kept dry, causing no leaks in roofs of buildings, and effectually preventing the electrical fluid from being conducted by iron screws and drives into the seam.

The following recommendations have been furnished gratuitously:

Louisville, Jan. 27, 1851.

The Lightning Conductors on the plan of J. Spratt, of Cincinnati, appear to be very well devised, and in point of mechanical construction, are the best I have ever seen.

It is to be hoped that the use of these rods may become general as an important auxiliary defence against a danger which must be regarded as of no ordinary magnitude, to which all buildings are liable. B. SILLIMAN, Jr.

Prof. of Chem. in the Univ. of Louisville

This will certify that I have examined the Lightning Rods, Metallic Points, and Insulating Attachments, manufactured by Mr. Spratt; of Cincinnati, Ohio, and regard them as constructed in conformity to the general laws of the electric fluid; and the Gilded Copper, Branched Points, as promising, from the results of several tests to which they were submitted, to resist for years the action of those atmospheric causes most likely to corrode them.

The Greatest Discovery of the Age.

PROFESSOR WOOD offers for sale perfect HAIR RESTORATIVE. It in a short time restore the Hair, which has become gray prematurely, to its original color—bring it out where it is gone, and arrest it when it is falling off—cleanse the head of dandruff and itchings—remove all cutaneous eruptions, and render the scalp perfectly healthy, by restoring the secretive organs to their original vigor and strength, and thus supply nutriment and coloring matter to the roots. It does not Dye the hair, but is, in short a perfect Hair Invigorator and Tonic.

To the young, who so much admire the beautiful locks and ringlet, he feels that he will be pardoned if he offers the advice suggested by long study and extensive observation. It is to discard all cologne and stimulating oils for the hair, and keep always upon the toilet a bottle of the Restorative for occasional use and we can safely predict, that henceforth silver locks will be upon bald heads. Let the dark eye be ever so piercing,—and the teeth be those of pearl—still, if the natural fluids be withheld from the hair, and in consequence becomes first dead and harsh, then gray, or falls off nature will be robbed of more than half its charms; as it is a sovereign remedy for those who are gray as well as those who are bald, all must see the propriety of making only such application to the hair and scalp as is calculated to preserve both in a healthy state.

From the editor of the Real Estate Advertiser No. 2 School Street.

Boston, March 20, 1855.

Prof. Wood—Dear Sir—Having become prematurely quite gray, I was induced some 6 weeks since, to make a trial of your Hair Restorative. I have used less than two bottles, but the gray hairs have disappeared; and although my hair has not fully attained its original color, yet the change is gradually going on, and I have great hopes that in a short time my hair will be as dark as formerly. I have also been much gratified at the healthy moisture and vigor of the hair, which, before was harsh and dry, and it has ceased to come out as formerly.

Respectfully yours,

D. C. M. RUPP.

Milford, Worcester Co., Mass., Nov. 13th, 1855.

Prof. O. J. Wood—Dear Sir—I take pleasure in hearing voluntary testimony to the magic effects of your wonderful Hair Restorative. As far back as 1836 my hair commenced falling off until the top of my scalp became bald and smooth as glass, and it has continued to fall off for a great many years, notwithstanding I have used many celebrated preparations for its restoration. Seeing your advertisement I was induced to give your article a trial, and to my utter astonishment I found after a few applications that my hair became firmly set and assured by very glossy and beautiful appearance; and at the time I had used a quart bottle, my bald head was covered over with a young and vigorous growth of hair, which is now from one to two inches in length, and growing very fast.

Yours, truly,

HENRY GOODRICH.

Carlyle, Ill., June 27, 1856.

I have used Prof. O. J. Wood's Hair Restorative, and as I thought permanently gray, but by the use of his Restorative, it has resumed its original color, and I have no doubt permanently so.
